RULES OF ENTRY

1. There are again two sections in this year's Laurie Thomas NZ Landscape Salon. One section is for traditional, analogue **slides**. The second section is for **digitally** projected images. The two sections will be assessed separately.
2. A Champion Trophy will be awarded to the top image in each section. You may enter one section only or both sections.
3. In both sections, only **New Zealand landscapes** are eligible. This year's Selection Panel will particularly look for images that **generally depict the New Zealand landscape**.
4. No image that has previously been successful (e.g. Accepted) in the Laurie Thomas Salon may be re-entered in either section. No picture that is entered as a slide may also be entered as a digital image.
5. No image – whether slide or digital – may be manipulated during processing in any way that materially alters the facts of the landscape at the time of exposure.

Slide Entries

6. Up to 4 slides may be submitted by each entrant.
7. Slides may be trade-processed but must have been exposed by the entrant.
8. Slides must be in standard 5cm x 5cm mounts. Both card-mounted and glass-mounted slides are acceptable.
9. All slides must be spotted on the bottom left-hand corner when in the hand-held viewing position.
10. Slides must be numbered to correspond with the entry form.
11. The title of the slide should be visible and legible when the slide is in the projector (i.e. upside down on the lower edge when in the hand-held viewing position).
12. The entrant's name must be on the reverse side of each slide.

Digital Entries

13. Up to 4 digital images may be submitted by each entrant. Digital entries shall be submitted as JPG files only, and saved to CD ROM at 72dpi, sized no more than 1024 pixels wide for horizontal images (x 768 high), or 768 pixels high for vertical images (x 512 wide). **Digital entries submitted in any other file format, resolution, size, or on other media will not be accepted.**
14. Minor enhancements such as correcting exposure, contrast, and sharpening are acceptable. But all other manipulation is prohibited under Rule 5.
15. Digital files are to be named thus <image title.jpg>. Example... My Favourite Landscape.jpg.
16. No other data, author's name or identification is to be included in the file name.
